Prospect Knolls B / Dewey Hill G Neighborhood Roadway Improvements

Dear Resident:

Project Schedule

The final layer of asphalt is in, the new signs are installed and the grass is beginning to grow.

On Monday, a subcontractor will be on-site to add the Saw and Seal joints throughout both project areas.

A joint will be sawed into the asphalt about every thirty feet and sealed with a hot poured elastic joint sealer across the entire width of the road. If this work is not completed in your area on Monday, it will be completed on Tuesday. **It is imperative that no vehicles are parked on the roadway during this process. Please notify your guests or any contractors of the parking restriction.**

Crews will also continue with restoration of the project area to include irrigation, pet containment and landscaping issues.

Remember, on-street parking is still prohibited during working hours. Crews need to access the areas that were seeded to water and perform other maintenance.

All schedules are weather-dependent and are subject to change.

Communications

Please contact me if you have any questions or comments regarding this project. You can reach me at 952-826-0448 or dnorthesncold@EdinaMN.gov. For more information about emergencies, non-emergencies, or site safety, visit www.EdinaMN.gov/prospect_knolls_b or www.EdinaMN.gov/dewey_hill_g.

Please encourage your neighbors to sign up for City Extra, as this will be our primary means of communication throughout the project. Visit www.EdinaMN.gov/CityExtra for more information.
